8. 9. 2019

LET'S MEET THE RACERS OF 2019!

## REMON VOS

Remon is the Founder and CEO of CTP.

„I used to play basketball and was riding a BMX bike. Later in the Czech Republic I switched to mountain bikes. After meeting Tomas Novotny, I started running and did my first Doksy race, which I finished just 1 minute before closing! Since then, I have been doing more biking, running and have tried to join the Doksy race every year. It's a great event in beautiful part of the country. I look forward to it again this year! “
